

I just want to express how important K-LOVE is to my family and our community as a whole. It is positive and upbeat. I don't have to turn down the volume due to graphic or obscene language. K-LOVE supports wholesome family values that are absent on so many of the other radio stations. I don't believe LPFM will provide the same quality of music as we are hearing now. Please keep K-LOVE on the air. Thank You For Your Time.
